WISCONSIN INSURANCE REPORT

TOMMY G. THOMPSON
Governor

ROBERT D. HAASE
Commissioner of Insurance

BUSINESS OF 1986

The State of Wisconsin
Office of the Commissioner of Insurance

Robert D. Haase
Commissioner
(608) 266-3585

The Honorable Tommy G. Thompson
Governor, State of Wisconsin
State Capitol
Madison WI 53702

Dear Governor Thompson:

I am pleased to submit to you the 118th annual report of the Commissioner of Insurance covering business for the year 1986.

Major events of the year are listed in the section entitled Highlights of 1986. They include:

Establishing and overseeing the work of a Special Task Force on Property and Casualty Insurance which made recommendations concerning solutions to the liability insurance crisis;

Adopting rules relating to nursing home insurance, home solicitation selling, life insurance cost disclosure, the Health Insurance Risk-Sharing Plan and title insurance;

Organizing and participating in the National Conference on Health Insurance Risk-Sharing Plans held in Milwaukee in November 1986;

Conducting two regulatory workshops for health maintenance organizations;

Assisting in forming and participating in the monitoring of a Commercial Insurance Assistance Hotline;

Implementing legislation on medical malpractice, product liability and modifications of notice requirements for nonrenewal of insurance policies.

I hope that the information in this report is useful to you and to the people of wisconsin.

Sincerely,

Robert Haase

Robert D. Haase
Commissioner of Insurance

P.O. Box 7873 Madison, WI 53707

ORGANIZATIONAL STRUCTURE

In addition to the commissioner's staff, the Office is divided into two major divisions: the Division of Regulation and Enforcement and the Division of Administrative Services and Policy Analysis. A brief description follows:

I. Commissioner's Staff

The commissioner's staff includes the deputy commissioner who serves as the head of the agency in the commissioner's absence, the staff counsel, and the secretaries to the commissioner and the deputy commissioner.

II. Division of Regulation and Enforcement

Bureau of Market Regulation. This bureau is responsible for reviewing the rates, forms and contracts filed with the agency by insurers; determining compliance with applicable laws and rules; initiating appropriate administrative actions; examining insurer rating procedures, advertising files and policyholder reserves; staffing several risk sharing plans; providing assistance to consumers in resolving problems with insurers and agents; disseminating information to the public; investigating agent activities; conducting field reviews of insurer marketing practices; preparing enforcement proceedings; and prosecuting offenders.

Bureau of Financial Examinations. This bureau monitors the financial solvency of insurers licensed to do business in Wisconsin. It conducts field audits of domestic insurer operations; administers insurer rehabilitations and liquidations; audits and collects insurer taxes and fees; and collects and administers the fire department dues program.

III. Division of Administrative Services and Policy Analysis

Office of Policy Analysis. This office is comprised of analysts who provide the commissioner and other agency personnel with technical expertise and analysis of policy issues, legislative analysis, and planning. This office also directs the public information program of the agency.

Bureau of Staff Services. This bureau is responsible for all general administrative functions of the agency including the administration of the insurance intermediaries testing and licensing program, centralized word processing, data processing, budget, personnel and clerical support services.

Bureau of Funds. This bureau consists of the three segregated funds for which this agency has administrative responsibility: the Local Government Property Insurance Fund, the State Life Insurance Fund and the Patients Compensation Fund.

The Local Government Property Insurance Fund offers property insurance protection to qualified local government units.

The State Life Insurance Fund offers life insurance to Wisconsin residents in amounts not exceeding $10,000 per person.

The Patients Compensation Fund provides medical malpractice protection to health care providers for claims in excess of $200,000 per claim or $600,000 per year prior to July 1, 1987. This threshold is raised to $300,000/900,000 effective July 1, 1987, and to $400,000/1,000,000 effective July 1, 1988.

The Health Insurance Risk-Sharing Plan (HIRSP) is also housed in the Division of Administrative Services.

*The Office of the Commissioner of Insurance is financed by license and service fees. Ninety percent of these are retained. The remaining ten percent plus retaliatory fees and taxes accrue to the General Fund. Fines and penalties accrue to the School Fund.
**Includes fees for corporation, motor club and company licenses.
***Includes fees for company admissions and incorporations, filing annual statements, service of process and amended licenses.

EXPENSES

Administrative Expenses	Fiscal Year 1985-1986
Program 1, Supervision of the Insurance Industry	$3,788,326
Program 2, Patients Compensation Fund	185,765
Program 3, Local Government Property Insurance Fund	54,038
Program 4, State Life Insurance Fund	208,447
Program 5, Health Insurance Risk-Sharing Plan	34,660
Total	$4,271,236

HIGHLIGHTS OF 1986

- Establishing and overseeing the work of a Special Task Force on Property and Casualty Insurance to make recommendations concerning solutions to the liability insurance crisis;
- Adopting rules relating to nursing home insurance, home solicitation selling, life insurance cost disclosure, the Health Insurance Risk-Sharing Plan and title insurance;
- Organizing and participating in the National Conference on Health Insurance Risk-Sharing Plans held in Milwaukee in November, 1986;
- Conducting two regulatory workshops for health maintenance organizations;
- Assisting in the formation and participating in the monitoring of a Commercial Insurance Assistance Hotline;
- Implementing legislation on medical malpractice product liability and modifications of notice requirements for nonrenewal of insurance policies;
- Organizing the purchase of financially troubled health maintenance organizations;
- Implementing a streamlined forms review system;
- Participating in Legislative Council Committees on Long-Term Care and Liability Law and Insurance; and
- Providing technical assistance to consumers, providers and employers on issues relating to prepaid health plans and cost containment institutions.

II - EXECUTIVE ACTIONS

SPECIAL TASK FORCE ON PROPERTY AND CASUALTY INSURANCE

In response to reports of dramatic increases in premiums and lack of available coverage for some types of commercial liability insurance, a Special Task Force on Property and Casualty Insurance was appointed by the Commissioner in January 1986 to study the problems associated with the availability and affordability of commercial liability insurance in Wisconsin. The task force was composed of twenty-five persons from various consumer groups, the insurance industry, the University of Wisconsin, the state legislature, and state government agencies.

Public hearings were held around the state during December 1985. Consumers testified during these hearings about large increases in premium charges and the difficulty in obtaining certain types of commercial liability insurance coverage.

The task force was divided into three subcommittees; Civil Justice Reform, Industry Conduct, and Market Assistance Plans/Pools. The Civil Justice Reform Subcommittee was responsible for analyzing the role of the civil justice system in the liability crisis and for identifying specific areas of possible reform. The Industry Conduct Subcommittee was responsible for analyzing the problems of availability and affordability from the perspective of how the insurance industry's conduct or practices contributed to the problem and recommending ways to alleviate these problems. The Market Assistance Plan/Pools Subcommittee was responsible for analyzing ways in which government can encourage the development of insurance mechanisms to provide liability insurance to Wisconsin's insurance consumers.

After eight months of deliberations the task force issued its final report in August 1986. This report contained several recommendations. The most important of these were:

- Require nonbinding arbitration for claims of under $25,000
- Abolish joint and several liability for punitive and noneconomic damages
- Cap punitive damages at $250,000 and noneconomic damages at $500,00
- Establish a sliding scale attorney contingency fee structure for personal injury proceedings
- Require insurers to include in their initial notice to policyholders the reasons for nonrenewing a policy
- Change the manner in which reinsurance and international lines of insurance are reported
- Change the present method of calculating minimum reserves for outstanding losses
- Require the insurance commissioner's office to evaluate various methods of rate regulation

Three recommendations were implemented while the task force was in progress. These recommendations related to establishing a telephone hotline, amending existing legislation to enable the commissioner to create liability risk-sharing plans and amending existing legislation relating to statutory notice of nonrenewal or renewal with altered terms.

HEALTH INSURANCE CONFERENCE

The Office of the Commissioner of Insurance and the Board of Governors of the Health Insurance Risk-Sharing Plan sponsored a national conference in November of 1986 on state risk-sharing pools for people with medical conditions which prevent them from qualifying for standard insurance or health maintenance organizations. Conference speakers included representatives from state government, the insurance industry, advocacy groups and academics. The purpose of the conference was to share information and experiences in order to improve on existing plans and assist other states in establishing plans.

After the welcome and opening remarks by Commissioner Fox, a "State-By-State Analysis" of state pools was presented by Aaron Trippler of Communicating for Agriculture. Trippler described existing plans as well as proposed plans and other activity in the various states.

Following the state-by-state analysis was a panel on "Funding Issues of State Plans." These issues were approached from three perspectives: the consumer's perspective; the regulator's perspective; and the insurance industry's perspective. The discussions on funding issues centered around the Employe Retirement Income Security Act (ERISA) exemption of self-insured employers from state regulation. According to Linda Lanam of Union Fidelity Life Insurance Company, the exemption of self-insured plans prevents state regulators from requiring those plans to contribute to the assessment pool. This is perceived as an inequitable situation giving those plans a competitive advantage over insurers. This situation is expected to worsen over time as there is a trend toward self-insurance.

A keynote speech by Professor Ralph Andreano of the University of Wisconsin covered the characteristics of the uninsured in Wisconsin and details of the Wisconsin State Health Insurance Plan.

Several programs were outlined by the panel on "Alternative Ways to Finance Health Care for High-Risk People." Bob Griss, from the Center for the Study of Social Policy in Washington, D.C., advocated a Medicaid buy-in type plan for persons with disabilities. According to Griss, ten years of experience with high-risk pools in various states has shown that costs are prohibitive for most consumers, that benefits are often inadequate for ongoing maintenance needs, participation is low, managed care is absent, and there are unresolved financing problems associated with high-risk pools.

Deborah Lee Fritz of the Center for Prepaid Health Care Research presented a model for the "Risky Working Poor." Fritz maintained that this group may be more insurable compared to the high-risk group but not generally viewed as a desirable group from either the insurer's or provider's point of view. The current national proposals on welfare reforms and workfare programs intensify the need for models to provide health benefits to low-income working uninsured. A workfare demonstration project was described and used to highlight design elements of a model for providing health benefits to the employed low-income uninsured.

A workshop on benefits and costs covered such areas as: special coverage needs and gaps in coverage; transplants and experimental procedures; cost containment; premium subsidies and ability to pay; and deductibles, waiting periods and coinsurance. On cost containment, Mary Glover of the Urban Medical Group, affiliated with the Boston University School of Medicine, described a pilot program designed to deliver comprehensive, primary continuous care tailored to the needs of severely disabled individuals living independently. The system is integrated with social services to promote coordinated care, increased efficiency and reduced duplication of services. The program is based on the premise that timely and flexible primary care can reduce emergency visits, hospitalization, and length of

stay. It emphasizes self-help and client independence. This program was financed by Medicaid and the contract was being renegotiated at the time of the conference.

Eligibility and underwriting issues were addressed in another workshop which looked at underwriting from the insurance perspective and the consumer perspective. The eligibility issues taken up were: medical rejection versus presumptive eligibility; residency and reciprocity; government program interface; agents' role; public information and small employer groups.

Barbara Lautzenheiser of Lautzenheiser and Associates described testing for acquired immune deficiency syndrome from an insurance perspective in a workshop on AIDS. Other areas addressed were: civil rights and privacy versus the need for information on transmission of the aids virus; the AIDS test and other medical background; and costs associated with AIDS and how they are met. Lautzenheiser held that testing is one of the ways the insurance industry determines an individual's expected experience, the way they determine an individual's probability of death or disability, the way of ensuring that they do not treat equals unequally, on pricing of insurance. According to Lautzenheiser, if insurers are not allowed to use the best tests available, AIDS or otherwise, objective rather than subjective determinations will be used to predict as nearly as possible one's cost of coverage, resulting in an unfair situation to that person as well as an unfair situation to the others who must subsidize him or her. The mortality of someone infected by AIDS is 2600 percent of the standard — 5 times the mortality of a person with coronary heart disease — making AIDS not only a civil rights issued but a financial issue. Lautzenheiser maintains that AIDS testing must be done by the insurance industry to assure insureds that they will not pay more than their fair share.

The final session of the conference dealt with a strategy for the future. A coalition was formed to increase influence on a national scale especially with regard to the ERISA exemption of self-insurers from participation in the financing of high-risk pools.

LEGISLATION

Last year's report identified acts which had been enacted by the 1985 Legislature in 1985. Following is a listing by 1985 Wisconsin Act Number of enactments in 1986 which affect insurance laws in some respect.

Act 47 — relating to civil and criminal liability relating to liability coverage for servers of alcohol.

Act 135 — revisor's correction bill — Deletes redundant words in s. 619.01 (6).

Act 146 — revises the statutes governing the pharmacy examining board. This necessitates a change in the cross-reference in s. 632.32 (6) (b) 4. to read 450.01 (10).

Act 154 — amended s. 48.627 to eliminate the requirement that the Department of Health and Social Services (DHSS) purchase liability insurance to cover injuries and property damage to third parties caused by foster children, but retains the requirement to purchase insurance covering personal injury or property damage to a licensed foster parent or member of the foster parent's family. The act also requires DHSS to purchase insurance to cover acts or omissions of a foster parent that result in physical injury to a foster child, or that form the basis for a civil action for damages by the foster child's parent against the foster parent.

The act requires as a condition of licensure that each applicant for a foster home license furnish proof that he or she has homeowners' or renters' liability insurance that provides coverage for negligent acts or omissions by foster children that result in personal injury or property damage to third parties. The act also extends to June 30, 1987, the authority of DHSS to pay claims for injuries and damages directly if it is unable to purchase foster parent liability insurance (see also Acts 24, 29, 106, and 326).

Act 176 — relates to various changes in human services and county laws. Section 619.01 (9) with respect to foster home protection insurance is revised by a change in the cross-reference to s. 48.62. Section 632.89 (1) (e) 1. is amended to change the cross-reference to s. 51.42 (7) (b) to reflect a renumbering earlier in Act 176.

Act 180 — relating to state records and forms management and reporting, standards for photographic reproduction of public records, preservation of central public records, availability of services provided by the microfilm laboratory of the Department of Health and Social Services and printing by prison industries.

Act 182 — recodifies and makes technical and minor substantive changes in the administrative rule-making process — Chapter 227, Stats.

Act 189 — changes laws governing town mutuals in five areas: changes the initial surplus requirements to be specified by the commissioner of insurance from not to exceed $100,000 to not less than $100,000 and not more than $200,000; changes the operating area from four contiguous counties or not more than eight contiguous counties by approval of the commissioner to eight contiguous counties or sixteen contiguous counties with approval of the commissioner; changes the current law on mergers to reflect the increased area of operations; removes the limit on the amount of coverage for recreational property of 50 percent of the amount of coverage for the members' dwelling; clarifies that the contract between a town mutual and a reinsurer of a town mutual must provide that the

right of a claimant to recover from the reinsurer applies only if the town mutual is unable to fulfill its obligations, and that the claimant's recovery is limited to the amount for which the reinsurer is liable under the reinsurance contract; revises the language of the purpose statement of chapter 612 to indicate the purpose to encourage town mutuals to maintain, rather than the previous language, develop, adequate surpluses.

Act 195 — revises the laws governing control share acquisitions, business combinations and takeovers and requests a study by the legislative council. No study was made. The cross-reference in s. 611.01 (1) is changed to 180.02 (1m) to (3) to reflect changes made in this act.

Act 215 — relates to conversion of mutual life insurance companies to stock life insurance companies.

A number of changes in the law on conversion of a mutual life insurance company into a stock life insurance company are included in this act. These are:

(1) With the approval of the commissioner of insurance, a new stock life company could be wholly owned by an upstream holding company which would be owned by the former policyholders.

(2) The equitable share of the policyholders could be given to the policyholders, not only in the form of common stock, but also in the form of cash, increased benefits, lower premiums or combination thereof.

(3) In valuing the company the appraisal committee can take into account the amount needed to continue current dividend scales on existing policies.

(4) The requirement that any excess over the premiums paid by a policyholder be distributed to the state school fund is made inapplicable to life companies.

(5) Persons who had been policyholders in the past five years could receive an equitable share if warranted, but only current policyholders could vote or be entitled to notice.

(6) Except with the approval of the commissioner, present management and their associates could not acquire more than five percent of the common stock of the converted company or of the upstream holding company in the first five years after conversion.

(7) The conversion plan and notice of hearing would be mailed to the commissioner of every state where the company is licensed. In considering whether to approve the plan, the Wisconsin commissioner would consider statements presented by the other commissioners as well as by the policyholders. The commissioner shall also take into consideration any conclusions or recommendations on the subject of such reorganizations published by recognized organizations of professional life insurance actuaries.

Act 216 — revises the laws governing the Insurance Security Fund (commonly known as the Guaranty Fund) in several ways, including:

(1) Several provisions of the insurance liquidation law are explicitly made applicable to the fund for the purposes of performing its loss claim functions. In addition, the fund is granted the same loss claim powers as liquidators have under the liquidation law.

(2) Other provisions of the insurance liquidation law are made inapplicable to the fund in performing its loss claim functions in cases in which the fund provides continuing coverage.

(3) Complete immunity is granted to directors of the fund, insurers assessed for the fund, and other persons involved in administration of the fund for acts and omissions in administering the fund.

(4) Other court actions that would interfere with the liquidation activities of the fund are prohibited.

(5) The fund would not be required to pay benefits under life, annuity or health insurance policies to the extent that the benefits were based on interest rates exceeding certain limits. The limits would be two percentage points below Moody's corporate bond yield average for benefits arising before the liquidation date and three points below for benefits arising after the liquidation date.

(6) The fund is permitted with court approval to impose temporary moratoriums of not more than 90 days on payments to holders of life insurance and annuity contracts.

(7) The fund is required to provide coverage for nonresident claimants of Wisconsin insurers if the state in which the nonresident resides covers Wisconsin residents who are claimants of that state's insurers. The fund is also required to provide coverage for nonresident claimants of Wisconsin insurers if the other state has a fund but does not cover Wisconsin residents, provided that the Wisconsin insurer has never been licensed in that state.

(8) The fund is permitted to impose a 10 percent deductible on life and disability claims of domestic insurers rather than a flat $200 deductible.

(9) The board of directors is required to keep records of meetings of the fund. These records remain confidential until the liquidation proceeding is complete and, in the case of a rehabilitation proceeding, remain confidential indefinitely. However, in either case the court may order the release of the records at any time.

(10) Provisions regarding assessments are changed to deduct experience credits from premiums for purposes of arriving at assessable premiums, raise the maximum for nonprorated administrative assessments from $150 to $200 per year, change the base for assessing certain insurers from a preceding year basis to an average of the three preceding years basis, and require the payment of an assessment prior to an appeal of its validity.

Act 256 — makes numerous changes in the laws governing the sale of insurance by creditors in connection with consumer credit transactions. Most of the changes apply to consumer credit insurance other than credit life insurance and credit accident and health insurance. The major changes were:

(1) Requiring a creditor to provide a cancellation notice to a customer setting forth the customer's right to cancel the insurance within 30 days, or in the case of required collateral insurance, the right to cancel the insurance within 30 days and obtain a substitute insurance from another source.

(2) Prescribing the method for calculating the amount of refund or credit resulting from a cancellation of insurance and of applying any credit to the customer's account.

(3) Eliminating the prohibition on additional charges for credit insurance written for a term of more than five years.

(4) Revising conditions applicable to additional charges for the sale of noncredit insurance, including warranty or maintenance contracts, and future service or motor club service contracts.

(5) Revising limits on the amount of insurance that may be sold.

(6) Prohibiting false, misleading or deceptive solicitation practices in connection with the sale of insurance products.

(7) Limiting commission payments to employes or creditors for the sale of insurance products.

The act also extends the exemptions from attachment and security interest under the Wisconsin Consumer Act to include the personal property protected under the fair credit practices rules issued by the Federal Trade Commission and the Federal Reserve Board.

Act 280 — relating to approval of clauses limiting payments of disability insurance policies and termination and reinstatement of disability insurance policies. These changes were suggested as remedial legislation by the Office of the Commissioner of Insurance. The first change, the amendment of s. 631.21 (1) (a), Stats., and the repeal of s. 631.21 (1) (b), Stats., is to remove a conflict between s. 631.21 (1) (b), Stats., and s. 632.77 (3), Stats. The paragraph repealed requires explicit approval by the commissioner of clauses limiting payment in disability insurance policies, but s. 632.77 (3), Stats., which specifically authorizes the clauses limiting payments, provides that the clause is approved in the approving of the policy form by the commissioner.

The second change makes subsection (1) of s. 632.74, Stats., consistent with subsection (2). Subsection (2) and the Legislative Council Insurance Law Revision Committee comments to it provide that if a disability policy is terminated and then subsequently reinstated, the premium paid may not be applied to any period during which the policy was not in force. The portion of the latter part of the sentence of subsection (1) which is to be stricken implies that a part of the payment for reinstatement could be applied to a period during which coverage was not in force.

Act 311 — relating to parental liability for the acts of children, requiring insurance coverage of grandchildren, rights of victims and witnesses in children's court proceedings, payment of restitution by children and disclosure of certain juvenile records.

Section 632.895 (5m) was created to require that every disability insurance policy that provides coverage for any child of the insured shall provide the same coverage for all children of that child until that child is 18 years of age.

Act 314 — relating to product liability insurance reports. Section 601.425 was created to require each insurer authorized to write product liability insurance to file an annual products liability insurance report complying with the specifics of this statute on or before May 1 of each year. The report, in addition to naming the insurer, will provide information about premiums collected and losses and expenses paid for each group of policies with effective dates within a particular calendar year. The commissioner may by rule establish the form of the report, including the manner of reporting the elements of the report.

Act 332 — revisor's Correction Bill — insurance statutes changed by the revisor include:

(1) S. 618.41 (4) was amended by replacing 'informing the commissioner' with 'informing the policyholder' to correct a drafting error.

(2) The title for s. 646.11 (5), Immunity, was replaced. It was inadvertently repealed by Act 216.

(3) A title, 'Meeting; Location of Hearings' was given to s. 655.03 (3) (a), so that the title conforms to the content of the paragraph.

(4) A title, 'Venue; Procedure' was created for s. 655.19 (1) since all of the other subsections have titles.

The cross-reference in s. 632.73 (1) was changed from s. 632.73 (2m) to sub.(2m).

Act 335 — relates to establishing liability insurance risk-sharing plans; insurance company surplus requirements; cancellations, nonrenewals and renewals on altered terms of insurance policies; and participation in the Local Government Property Insurance Fund. The act authorizes the commissioner of insurance to create or to require private insurers to create risk-sharing plans to provide any kind of liability insurance (previously risk-sharing plans could only be provided for municipal liability insurance). The commissioner first would have to make a finding that liability insurance is not readily available from insurers and that the public interest requires it to be made available. The liability insurance provided by the plan is not to include coverage for risks which are determined to be uninsurable.

The act revises the law governing surplus requirements for insurers. Currently the initial expendable surplus for domestic stock, mutual, service and fraternal insurance corporations must be 50 percent of their required minimum capital or permanent surplus amounts, or a lesser percentage specified by the commissioner. This act revises current law to permit the commissioner to specify a greater or lesser percentage.

Current law requires the commissioner to specify the required minimum capital for domestic stock insurance corporations, generally between $200,000 and $2,000,000, and the required minimum permanent surplus for mutual, service and fraternal insurance corporations also generally between $200,000 ($50,000 for service insurance corporations) and $2,000,000. This act revises the required minimum capital for domestic stock insurance corporations and the required minimum permanent surplus for mutual, service and fraternal insurance corporations to be the amount established by rule, or in the absence of a rule, $2,000,000 or a greater amount as specified by the commissioner.

This act also permits the commissioner to reduce by order the minimum initial expendable surplus required for fraternal insurance corporations under specified circumstances, including adequate financial guarantees or pressing social need in a community for a fraternal. The act grants competitors of fraternals the right to a hearing on the order.

The act revises the laws governing insurance policy cancellations, nonrenewals and renewals on altered terms. The act permits cancellations and nonrenewals by an insurer solely because of the termination of an agent's contract with the insurer only under certain circumstances. The insurer may cancel or nonrenew only if the policyholder is offered the right to continue to renew by sending a

written request to the insurer. If the policyholder sends a written request, the insurer may cancel or nonrenew only if the policyholder does not meet normal underwriting standards.

The act also generally requires a 60-day advance notice of policy nonrenewal or renewal with less favorable terms or rates rather than 30 days as under previous law. If nonrenewal is for failure to timely pay a renewal premium, the act requires the insurer to so notify the policyholder between 60 and 10 days before the premium due date rather than 45 and 10 days as in the previous law.

The act adds a further condition to an exception under current law providing advance notice of renewal with less favorable terms or rates if the change in terms is generally applicable to the class of business to which the policy belongs or results from a classification change based on the altered nature or extent of the risk insured against. The additional condition permits application of the exception only if any rate increase is less than 25 percent.

The act expands the definition of local governmental units that may participate in the Local Government Property Insurance Fund to include any governmental unit.

Act 336 — authorizes the Department of Health and Social Services to pay claims for bodily injury or property damage caused by an act or omission of a foster child for which the foster parent is liable. It also permits the attorney general to represent the foster parent in a civil action arising out of his or her acts or omissions while acting in the capacity of a foster parent. The act permits a licensing agency, under specified conditions, to waive the requirement that foster parents must have homeowners' or renters' liability insurance prior to licensure. The act also permits DHSS to purchase insurance to provide uninsured foster parents with liability coverage if the purchase is determined to be cost-effective (see also Acts 24, 29, 106, and 154).

Act 340 — relates to revising the laws governing the Patients Compensation Fund, eliminating the patients compensation panels, creating a medical malpractice mediation system, revising the laws governing medical malpractice and health care provider professional discipline, providing for studies, providing rule-making authority and making appropriations.

A $1,000,000 limit is imposed, adjusted at least annually, or according to the consumer price index, on noneconomic damages, such as damages for pain and suffering, that may be recovered in medical malpractice actions. The act limits attorney contingency fees in such cases to, generally, one-third of the first $1,000,000 recovered plus one-fifth of the amount recovered that is in excess of $1,000,000.

The act also eliminates the patients compensation panel system and substitutes a mandatory mediation system for the resolution of claims regarding medical malpractice. The act revises procedures relating to the Patients Compensation Fund, including limiting fee assessment categories for physicians to not more than four, authorizing surcharges of individual health care providers based upon loss and expense experience regarding the providers, and excluding podiatrists from coverage under the fund. The act raises the minimum required malpractice insurance coverage for health care providers and raises the fund payment threshold accordingly.

Insurers authorized to write medical malpractice insurance will be required to file an annual report with information regarding medical malpractice insurance which is comparable to that required by Act 314 for product liability insurance.

Finally, the act revises health care provider disciplinary laws in several ways, including authorizing the Department of Regulation and Licensing to appeal decisions of the Medical Examining Board, authorizing the board to grant only limited licenses to practice, authorizing the board to require physical, mental and competency examinations, and requiring insurers and others to report disciplinary actions to the board.

Portions of three acts enacted in 1985 which were not identified in last year's report are summarized below.

Act 24 — creates s. 48.627 (2) to permit the Department of Health and Social Services, if it is unable to purchase insurance to cover the liability of foster parents for injuries sustained or property damage caused by foster children at a reasonable cost, to use the funds appropriated for that purpose to pay claims for such injuries or damages (see also Acts 29, 106, 154, and 336).

Act 29 — section 46.627 was amended to provide that DHSS may purchase insurance to cover the liability of foster parents for injuries or damages which arise out of or are related to their activities as foster parents, in addition to the existing authority to purchase insurance to cover injuries or damages sustained or caused by foster children (see also Acts 24, 106, 154, and 336).

Act 106 — extends the period during which the Department of Health and Social Services may pay claims against foster parents. The Department of Health and Social Services (DHSS) may purchase liability insurance for licensed foster parents. If DHSS is unable to purchase the insurance, it is permitted to use the funds appropriated for that purpose to pay claims for injury or property damage caused by foster children to the extent that the costs are not covered by other insurance. DHSS's authority to pay claims directly expired on December 31, 1985, and Act 106 extended that authority to March 31, 1986. (See also Acts 24, 29, 154 and 336)

NATIONAL ASSOCIATION OF INSURANCE COMMISSIONERS ACTIVITIES

The Commissioner's office participates in the National Association of Insurance Commissioners (NAIC). During 1986, Commissioner Fox was a member of the following committees, subcommittees and task forces of the NAIC.

Committees

Executive Committee - Midwestern Zone - Vice Chair

Life Insurance Committee

National Association of Health Maintenance Organization Regulators/National Association of Insurance Commissioners (NAHMOR/NAIC) Joint Committee

Subcommittees

Market Conduct and Consumer Affairs Subcommittee of the Executive Committee

Task Forces

Integrated Financial Services Task Force of the Executive Committee - Vice Chair

Accounting Practices and Procedures Task Force of the Financial Condition Subcommittee of the Executive Committee

Blanks Task Force of the Financial Condition Subcommittee of the Executive Committee

Data/Systems Management Task Force of the Financial Condition Subcommittee of the Executive Committee

Examination Oversight Task Force of the Financial Condition Subcommittee of the Executive Committee - Vice Chair

Guaranty Fund Task Force of the Financial Condition Subcommittee of the Executive Committee

Rehabilitators and Liquidators Task Force of the Financial Condition Subcommittee of the Executive Committee

Life and Health Actuarial Task Force of the Technical Services Subcommittee of the Executive Committee

Life Cost Disclosure Task Force of the Life Insurance Committee - Chair

Medicare Supplement, Long-Term and Other Limited Benefit Plans Task Force of the Accident and Health Insurance Committee

State and Federal Health Insurance Legislative Policy Task Force of the Accident and Health Insurance Committee

Credit Insurance Task Force of the Special Insurance Issues Committee

Bradford Gile, Actuary, was a technical member of the Life and Health Actuarial Task Force of the Technical Services Subcommittee of the Executive Committee.

Staff members of the Commissioner's office served on special working groups and study groups of several subcommittees and task forces. Many of these were working groups of task forces of the Financial Condition Subcommittee of the Executive Committee.

ADMINISTRATIVE RULES

Changes made in 1986 in the Wisconsin Administrative Code applicable to insurance are described below.

Ins 2.14 Life insurance solicitation.

This rule which interprets ss. 628.34 and 628.38, Stats., was amended to require insurers doing a life insurance business in this state to deliver to prospective buyers of life insurance a buyer's guide which will improve their ability to select appropriate coverage. A copy of the text of the Buyer's Guide to Life Insurance adapted from the 1983 Life Insurance Buyer's Guide prepared by the National Association of Insurance Commissioners is Appendix 1 to the rule. Effective 11/1/86.

Ins 3.08 Municipal bond insurance.

The existing rule was amended to clarify and strengthen certain provisions of the existing rule. The definition of "municipal bonds" was amended to eliminate incorporation of the federal income tax law so that the rule will not be affected by future changes in that law.

Subsection (5) (c) was amended to exclude the unearned premium from the calculation of the cumulative net liability, which establishes limits on the amount of risk retained in relation to certain measures of the insured's financial strength. This will allow the establishment of more appropriate levels for the maximum amount of cumulative net liability.

Subsection (9) (c) was amended to allow the withdrawal of the contingency reserve on an incurred basis rather than on a current paid-claim basis. Due to the nature of municipal bond insurance, up to 20 years could elapse between the notice of default and the claim period and during this period adequate case base reserves must be maintained. The contingency reserve is released only when claim payments exceed 35 percent of the earned premiums so that the insurer must maintain both the contingency reserve and the case basis reserve until the claim is paid. Effective 4/1/86.

Ins 3.13 Individual accident and sickness insurance.

Paragraph (j) and (jm) of subsection (2) relating to procedures for disenrollment from Medicare replacement policies were amended to exempt Medicare replacement policies from the right of return provisions of s. 632.73 (2m), Stats., and to create a procedure for permitting enrollees in Medicare replacement policies to disenroll at any time and receive a pro rata return of unused premiums.

As of January 1, 1986, several health maintenance organizations in Wisconsin began to offer Medicare replacement policies to Wisconsin residents. Medicare replacement policies are marketed by federally-qualified HMOs or federally-qualified competitive medical plans which have entered into an agreement with the Federal Health Care Financing Administration (HCFA) to provide Medicare and other benefits on a direct-risk basis. Because of the way HCFA handles enrollment and disenrollment, it is necessary to exempt these policies from the "free look" provisions which are currently in force and to create an alternate procedure. Effective 4/1/86.

Subsection (1) was amended to correct statutory references. Effective 10/1/86.

Ins 3.14 Group accident and sickness insurance.

Subsection (1), (5) and (6) were amended to correct statutory references. Effective 10/1/86.

Ins 3.15 Blanket accident and sickness insurance.

Subsection (1) was amended to correct statutory references. Effective 10/1/86.

Ins 3.17 Reserves for accident and sickness policies.

Subsections (3), (4), (5), and (6) were amended to correct statutory references. Effective 10/1/86.

Ins 3.32 Title insurance; prohibited practices.

This rule was amended to make it clear that the prohibition of title insurers and their agents from paying lenders, real estate brokers, sellers, attorneys and others involved in real estate transactions ("Producers of Title Insurance") for referral of title insurance orders applies to affiliates of producers of title insurance unless the affiliate sells a substantial number of title insurance policies to persons who are not customers of the lender, real estate broker or seller. The restrictions on payment for referrals are made applicable to an affiliate of a producer of title insurance for a one-year period after the end of any quarter-calendar year in which gross revenue from operations derived from referrals from affiliated producers of title insurance exceeds 40 percent of total gross revenue from operations in the previous quarter. The restrictions do not apply to an affiliate of an attorney if the affiliate actually does a title examination prior to issuing a policy.

Under the previous rule, a title insurer or agent could pay a fee to a producer of title insurance for services rendered only if the fee bore a reasonable relation to the services rendered. The amendment establishes a presumption that a fee does not comply with this standard if it is paid on a commission basis.

The above provisions take effect on June 30, 1987. There is a two-year transition period following that date.

In addition, subsection (5) which prohibited title insurers from advertising in publications distributed by lenders, real estate brokers or attorneys was repealed and recreated to provide that advertising in those materials is permitted if the consideration is reasonable and any title insurer may advertise. Effective 12/1/86.

Ins 3.39 Standards for disability insurance sold to the medicare eligible.

Several amendments were made to section Ins 3.39 to broaden its scope to include Medicare replacement policies. Medicare replacement policies are those policies sold to Wisconsin residents by federally-qualified health maintenance organizations or federally-certified competitive medical plans which have entered into a direct-risk contract with the Federal Health Care Financing Administration to provide health insurance benefits to Medicare beneficiaries. Section Ins 3.39 establishes minimum standards and disclosure requirements for Medicare replacement policies. The commissioner found that verbatim adherence to the disclosure requirements is necessary because substantial adherence is not sufficient and liberalization of prescribed language would frustrate the purpose of the prescription. The rule change also revised some of the disclosure requirements for Medicare supplement policies. Effective 1/1/86.

Ins 3.40 Authorized Clauses for Coordination of Benefit Provisions in Group and Blanket Disability Insurance Policies.

The purpose of repealing and recreating Ins 3.40 is to adopt a rule that is written in easier to understand language and format than the present rule and that incorporates various measures, most of which are optional, that will assist in containing health care costs.

The rule incorporates the revised model coordination of benefits guidelines adopted by the National Association of Insurance Commissioners in June 1985.

Coordination of benefits (COB) is a mechanism designed to coordinate benefits between two or more group health plans so that no more than 100% of covered expenses is paid. It also prevents a person from profiting from an illness or injury. This would occur if a person were covered by more than one group health insurance policy and collected from both for the loss. COB consists of a set of rules that define which plan is primary and pays first, and which plan is secondary and pays after the primary plan has paid. The primary plan never pays more than it would have paid were there no other coverage. The secondary plan pays the balance of all or a portion of the allowable expenses that were not covered in full by the primary plan, but it never pays more than it would have paid had it been primary.

The rule permits a plan to consider various options. For example, a plan can continue to coordinate at 100% of allowable expenses as it has in the past; or it can coordinate so that less than 100% of allowable expenses are paid. An allowable expense is any item which is covered in whole or in part by either plan. This means that the secondary plan may pay for some expenses that are not covered items under its policy. However, it pays for those expenses because they were covered at least in part by the primary plan.

For example, under the original COB rule assume that an individual is covered by two group policies both of which require a 10% co-payment by the insured. The person is hospitalized, and the total bill is $1,000. The primary policy pays $900 ($1,000 minus the 10% co-pay of $100). The secondary insurer must look at the total bill and pay the balance in full as the remaining charges are "allowable expenses" which were paid at least in part by the primary carrier.

The changes to Ins 3.40 will allow a plan to coordinate allowable expenses at less than 100% and thereby retain its deductible and copayment provisions. The revised rule allows insurers to offer three options which are:

(1) Alternative 1 continues with the current provision which results in plans coordinating at 100% of allowable expenses.

(2) Alternative 2 allows a plan when secondary to reduce its benefits so that total benefits paid during a given period by all plans covering the person are not more than a given amount but never less than 80% of the total allowable expenses.

(3) Alternative 3 allows the secondary plan to pay what it would have paid had it been primary less whatever the primary plan paid. This alternative may be used only if the plan pays at least

(a) 50% of covered treatment of mental or nervous disorders, alcoholism or drug abuse that is in excess of the mandated coverage required by s. 632.89, Stats;

(b) 50% of cost containment provisions such as requirements for a second surgical opinions or pre-certification of hospital stays; and

(c) 75% of other covered expenses.

Any plan that coordinates according to either Alternative 2 or Alternative 3 must contain certain protections for the insured that are not normally part of a group policy. Insureds must be given prior notice advising them that the deductibles and coinsurance features of the policy will be preserved when the plan is secondary. However, the out-of-pocket expenses may not exceed $2,000 for each insured person or $3,000 for the family during the claim determination period (i.e. usually a calendar year) if the plan is secondary.

In addition, a plan must allow a person to enroll for health coverage when the person's coverage under another plan terminates. The insurance company may not impose more rigid underwriting standards than it would have imposed had the person enrolled under the plan when originally eligible.

With these protections, insureds are provided with information that will allow them to decide if it is in their best interests to carry only one group family plan rather than two. Most group plans today require a contribution from the employee, especially if family members are also covered. Those who opt to carry only one family plan will thus realize a savings in the amount paid for coverage. This savings will offset the amount of out-of-pocket expenses paid by the insured because of COB reimbursing at less than 100%.

Because both husband and wife are employed, many families have two group health plans because of fear that one or the other may become unemployed and the family will have no health insurance. Allowing individuals easy access to coverage under either plan negates the need for carrying two group health plans.

In addition to containing health care costs by retaining deductible and copay provisions, allowing plans to coordinate at less than 100% of allowable expenses will also make insured plans more competitive with employer self-funded plans. This is because most self-funded plans are not subject to insurance law. Consequently, they are already able to design their plans so that they coordinate at less than 100% of allowable expenses.

The recreated rule contains several other features that were not included in the original rule. For example, it prohibits a plan from declaring that it is always excess or always secondary to other plans. This provision is essential to prevent situations where two plans covering the same person both state they are secondary according to the terms of their policies, and neither plan pays the claim. Fall-back provisions are established to assure payment of claims when a complying plan is coordinating with a non-complying plan that is not subject to Wisconsin insurance law.

In addition, plans are not permitted to coordinate against phantom plans. Consequently, plans may not reduce benefits on the basis that a person is eligible for coverage under another plan but actually is not covered by the other plan.

To contain hospital costs, an "allowable expense" does not include the difference between the cost of a private hospital room and the cost of a semi-private hospital room unless the patient's stay in the private room is medically necessary.

To add clarity and certainty of meaning, definitions are included for "claim," "coordination of benefits (COB) provision," "group-type contracts," "hospital indemnity benefits," "primary plan" and "secondary plan."

The maximum allowable exemption for group hospital indemnity plans is increased from $30 per day to $100 per day.

A provision is included to ensure that prepaid plans that provide services to an insured when the prepaid plan is the secondary plan will be reimbursed in cash by the primary plan.

Originally, COB was permitted with both individual and group no-fault automobile insurance contracts but only with group at fault automobile insurance contracts. To avoid duplication of benefits, the recreated rule allow the application of COB to the medical expense benefits coverage of all automobile insurance policies.

The original rule prohibited COB with plans where the premium was paid by parents and that covered grammar and high school students against accidental injury. However,

COB was permitted with similar plans which covered college students. The change eliminates the inconsistency and prohibits COB with all school plans.

Provisions of the original rule dealing with small claim waivers, coordinating benefit payments, and public education were deleted from the proposal. These sections did not establish standards of action but only provided guidance as to conduct. As such, they are inappropriate for a rule.

The rule contains a model COB provision that an insurer can incorporate in a group policy.

Although the language is simplified and meanings are clarified, the principle of COB remains the same. The method of determining which plan is primary and which plan is secondary remains the same. Also, there are no substantive changes in the order of benefit determination.

Ins 3.46 Standards for nursing home insurance.

The purpose of this rule is to establish minimum benefit standards and disclosure requirements for nursing home insurance policies sold in the state of Wisconsin. The preceding rule became effective on November 1, 1981. This rule was adopted because of problems which existed in the marketing of nursing home insurance policies in Wisconsin.

Following the creation of Ins 3.46, most insurance companies stopped marketing nursing home insurance in Wisconsin. Over the past year a Subcommittee of the Life and Disability Council of the Office of the Commissioner of Insurance has been working on revisions to this rule. The goal of the subcommittee was to recommend revisions which would encourage more insurers to enter the market but would prevent a recurrence of the marketing problems experienced earlier.

The major difference between the preceding rule and the rule adopted are in the areas of required minimum standards and required disclosures.

For example, the preceding rule required insurers to provide benefits for any level of care. The revised rule requires only that skilled and intermediate care be covered. The replaced rule prohibited insurers from requiring a sickness or injury. The revised rule permits insurers to limit coverage to sickness or injury but requires coverage for conditions of "irreversible dementia" such as Alzheimer's disease. The original rule prohibited insurers from requiring prior hospitalization. The revision permits insurers to require prior hospitalization only if they offer an identical policy which does not contain this restriction.

The revised rule requires insurers to give an outline of coverage to prospective policyholders and requires anticipated loss ratios of 55 percent for individual policies. The revised rule applies to both individual and association group policies whereas the prior rule only applied to individual policies. Effective 1/1/87.

Ins 3.48 Preferred provider plans.

Subsection (6) interpreted ss. 628.36 (2) (a) (e) 7. and 628.34 (2) (a) (f) (5), Stats., which were both repealed so that it was no longer necessary and was repealed. Subsections (1) and (4) were amended to change statutory references because of legislative enactments. Effective 10/1/86.

Ins 3.50 Health maintenance organizations.

The purpose of this rule is to establish financial and other standards for health maintenance organizations doing business in Wisconsin. The financial requirements outlined in the rule includes standards for minimum and initial capital and surplus, operating funds,

compulsory and security surplus, and insolvency protection for enrollees. The rule outlines the information which must be included in the business plan filed by a health maintenance organization seeking to be licensed and establishes annual and quarterly reporting requirements. The rule also describes the information which must be included in policies and certificates marketed by health maintenance organizations, establishes standards for grievance procedures, and describes permissible grounds for disenrolling members from the health maintenance organization. Effective 7/1/86.

Ins 3.51 Limited service health organizations.

The purpose of this rule is to establish financial and other standards for limited service health organizations doing business in Wisconsin. The financial requirements outlined in this rule include standards for minimum initial capital and surplus, operating funds, compulsory and security surplus, and insolvency protection for enrollees. The rule outlines the information which must be included in a business plan filed by a limited service health organization seeking to be licensed and establishes annual and quarterly reporting requirements.

The rule also describes the information which must be included in policies and certificates marketed by limited service health organizations, establishes standards for grievance procedures, and describes permissible grounds for disenrolling members from the limited service health organization.

Limited service health organizations were created by 1985 Wisconsin Act 29. A limited service health organization is defined as "a health care plan . . . that makes available to its enrolled participants in consideration for periodic fixed payments, a limited range of health care services performed by providers selected by the organization." Effective 12/1/86.

Ins 6.09 Prohibited acts by captive agents of lending institutions and others.

Subsection (5) was created to prohibit a lender from refusing to accept an insurance policy issued by a town mutual insurer based on the fact that: the insurer does not have an acceptable rating with a rating service publication; the policy of insurance is assessable; or the financial condition of the insurer is unacceptable, unless the insurer is violating the financial standards of the Office of the Commissioner of Insurance.

Paragraph (b) of subsection (5) permits disapproval of a policy issued by a town mutual insurer based wholly or partially on the ground that it does not have a mortgagee clause which waives policy defenses as to the mortgagee and eliminates liability by the mortgagee for payment of any premium or assessment due and payable by the insured as provided in s. Ins 13.04 (7) (b). Effective 6/1/86.

Ins 6.25 Joint underwriting and joint reinsurance associations.

An emergency rule was adopted effective 12/12/86 to permit a Joint Underwriting Association to write excess liability insurance over $25 million underlying liability limits. Large commercial accounts who need high limits of liability insurance will be provided with a market by the American Excess Insurance Association which will be authorized to operate by the adoption of this rule.

Ins 6.57 Listing of Insurance Agents by Insurers.

Subsection (1) was amended to clarify the appointment of agents by insurers. The amendment indicates that the listing of the agent will be effective only upon receipt of the computer-validation reports sent by the Office of the Commissioner of Insurance to the person who submitted the listing on behalf of the company. The listing date will continue

to be the date the listing was mailed but only if the company can provide a copy of the computer-generated validation report. Effective 5/1/86.

Ins 6.61 Intermediary records.

Subsection (2m) was created to require that each intermediary who is employed by or is an affiliate or producer of title insurance shall maintain records for three years for each application or order for title insurance accepted in this state. The record shall state whether the application or order was directly or indirectly referred as provided in Ins 3.32 (5) by a producer of title insurance which is an affiliate as defined in s. Ins 3.32 (3) (a), (bm), and (c), and the name of each producer of title insurance who is an affiliate and acts as a broker-agent lender, representative or attorney in the transaction which resulted in the application or order. Each intermediary who is an affiliate or producer of title insurance shall maintain a record of gross revenue from operations in this state from title insurance by quarter-calendar year which shall separately show gross revenue from operations in this state derived from applications or orders for title insurance directly or indirectly referred by the affiliate. These requirements become effective March 31, 1987. Effective 12/1/86.

Ins 13.04 Undertaking to pay premiums and assessments in contract forms.

Subsection (7) was created to authorize a mortgagee clause which waives policy defenses as to the mortgagee and eliminates liability by the mortgagee for payment of any premium or assessment due and payable from the insured. Effective 6/1/86.

Ins 17.01 Payment of mediation fund fees.

This rule was repealed and recreated to meet the requirements of 1985 Wisconsin Act 340 enacted on June 12, 1986, and published June 13, 1986. The repeal and recreation was originally effective as an emergency rule effective July 2, 1986. The rule implements the provisions of s. 655.61, Stats., relating to the payment of mediation fund fees. Subsection (2) provides for the payment of fees by physicians and hospitals of an annual fee to finance the mediation system created by s. 655.42, Stats. The commissioner deposits all such fees collected in the mediation fund created by s. 655.68. The commissioner is to notify the Department of Regulation and Licensing of each physician or hospital who has not paid the fee and is, therefore, in noncompliance with this statute. The fee schedule effective July 1, 1986, is $40 for the physicians and $2 per bed for hospitals. Effective 10/1/86.

Ins 17.25 Wisconsin Health Care Liability Insurance Plan.

Subsections (1) (b), (2), (4) (c), and (5) (a) 2. were amended by emergency rule to establish eligibility of registered nurse midwives to obtain health care professional liability insurance through the Health Care Liability Insurance Plan. The emergency rule was effective July 29, 1986. A permanent rule to replace the emergency rule was filed with the Secretary of State on December 16, 1986.

Ins 17.28 Health Care Provider Fees.

The system by which health care providers are billed and pay fees to the Patients Compensation Fund for fiscal year 1985-1986 was changed effective January 1, 1986, to give providers options as to the mode of payment. The requirement that providers are assessed a separate administration fee to code the cost of developing a multi-billing system was also deleted.

As a result of these changes on January 1, 1986, all health care providers except podiatrists will be billed one-half of the difference between the 1984-1985 assessment and the 1985-1986 assessment. Providers will be given an option of paying the remaining fee in one payment in January 1986, (two) equal payments - one in January 1986 and one in April

1986. Providers will be assessed interest on that portion of the fee not paid in July 1985, but will not be assessed for administrative costs to develop the multi-billing system. Effective 1/1/86.

Subsection (3c) was repealed and recreated originally by an emergency rule effective July 2, and later by a permanent rule to establish a new classification system of physicians and surgeons as created by s. 655.27 (3) (b) 2.

Subsection (4) was repealed and recreated to provide for pro rata fees by health care providers. Subsection (6) was repealed and recreated to establish a fee schedule for the Patients Compensation Fund for July 1, 1986, to June 30, 1987.

Subsection (7) was repealed and recreated to give each health care provider the option to pay the assessment in a single lump sum, two semi-annual payments, or four quarterly payments. The emergency rule establishing these provisions and procedures was effective 7/2/86 and was replaced by a rule effective 10/1/86.

Ins 18.05 Eligibility - Health Insurance Risk-Sharing Plan.

Subsection (3) was amended to provide for board review of any person denied coverage under the plan or whose coverage is terminated. Effective 9/1/86.

Ins 18.07 Coverage - Health Insurance Risk-Sharing Plan.

Subsection (5) (b) 1. was repealed and recreated to modify the schedule of premiums for the Health Insurance Risk-Sharing Plan to reflect current industry rates in accordance with the statutory basis of the plan, s. 619.17, Stats. Effective 1/1/86.

Subsection (5) (b) 1. was repealed and recreated to reduce the rates for the major medical plan approximately 10 percent. The rates for the Medicare plan are not changed. Effective 1/1/87.

Ins 18.12 Premium reduction for low-income policyholders - Health Insurance Risk-Sharing Plan.

Section 619.165, Stats., enacted in 1985 Wisconsin Act 29 directs the Board of Governors of the Health Insurance Risk-Sharing Plan to reduce premiums charged HIRSP policyholders if the household income qualifies the policyholder for a reduction. Ins 18.12 was repealed and recreated to set forth requirements for policyholders' application and eligibility for such premium reductions. A supplemental application for premium reduction or a completed Wisconsin Homestead Credit Schedule H must be submitted to the Administrator of the plan. This supplemental application for premium reduction may be obtained from the Office of the Commissioner of Insurance or from Mutual of Omaha Insurance Company, P. O. Box 31746, Omaha, Nebraska 68131 (1-800-228-7044). The form is numbered form 8116HIRSP APP SUPP. Subsection (5) sets forth application deadlines. Effective 9/1/86.

Ins 20.01 Home solicitation selling.

As a result of numerous complaints from consumers, other agents, and other sources indicating that certain disclosures involved in the selling of insurance should be required, this rule was adopted. Its disclosures are modeled after similar requirements promulgated by the Department of Agriculture, Trade and Consumer Protection in Wisconsin Administrative Code, Chapter AG 127.

The rule requires insurance agents to identify themselves, their business firm, the identity of the insurer and what they are selling prior to asking any other questions or making other statements other than an initial greeting in contacting insureds. Further, it requires

an agent using a sales pitch which indicates the buyer has been specifically selected to disclose the specific basis on which such selection was made. The rule prohibits the agent from indicating to the insured that the agent is conducting a survey, test or research project without disclosing that the principal objective is to make a sale or obtain information to help identify sales prospects. Furthermore, it prohibits an agent from misrepresenting the length of the sales presentation, requires the agent to leave a house when requested, and requires the agent to leave a receipt if cash is received from the buyer. Effective 5/1/86.

Ins 21.01 Termination of worker's compensation insurance policies.

The purpose of this rule adopted as an emergency rule effective 10/1/86 is to exempt worker's compensation insurance from the requirements of s. 631.36, Stats., and to establish specific requirements concerning termination of worker's compensation insurance policies. Worker's compensation insurers cannot meet the requirements of s. 631.36, Stats., because of requirements these insurers must meet under other statutes. These insurers should, however, be subject to certain requirements for midterm cancellations and nonrenewal of a worker's compensation insurance contract as well as notification to policyholders, and these requirements are included in the emergency rule. Effective 10/1/86. A permanent rule to replace the emergency rule was filed with the Secretary of State 12/16/86.

ADVISORY BOARDS AND COUNCILS

Wisconsin law, s. 15.04, Stats., provides that heads of independent agencies may create and appoint such councils and committees as the operation of the agency requires. The insurance law, s. 601.20, Stats., authorizes the commissioner of insurance to create advisory councils and committees to assist in dealing with regulatory problems. The commissioner is to provide by rule for the creation, governance, duties and termination of any council or committee which is established. The expert advice provided the commissioner through these councils results in more efficient regulation of the insurance industry to the benefit of insurance consumers and insurers.

The commissioner and staff members also serve on various councils and boards and thus aid Wisconsin residents by providing advice and suggestions on matters related to insurance regulation.

A description of the various councils and boards with which the office of the commissioner of insurance is involved follows:

Insurance Security Fund Board

This board administers the insurance security fund established by Chapter 646, Stats., to provide a mechanism for protecting insureds in the event of liquidation of insurers and to assess the cost of such protection among insurers. The commissioner of insurance, along with the attorney general and the state treasurer, are members of this board and serve with eight representatives of insurers subject to Chapter 646, Stats., appointed by the commissioner upon consideration of the recommendation of insurance organizations.

Wisconsin Retirement Board

The Wisconsin retirement board is created in the department of employe trust funds by s. 15.165 (3) (b), Stats. It is a nine-member board. Seven members represent employers or employees who participate in the Wisconsin retirement system; one is a public member and one is the commissioner of insurance or an experienced actuary in the office of the commissioner of insurance. During 1986 M. E. Van Cleave, Assistant Deputy Commissioner, was designated to serve on this board. The board studies and recommends alternative administrative policies, authorizes and terminates disability annuity payments and approves or rejects administrative rules that relate to participants in the retirement system other than teachers.

Employe Trust Funds Board

The employe trust funds board is authorized by s. 15.16 (1), Stats., with power set out in s. 40.03 (1), Stats. The board authorizes and terminates payments of annuities and benefits under the public employe trust fund chapter; approves the tables to be used for computing benefits under the Wisconsin retirement system; appoints the secretary of the department of employe trust funds; selects and retains an actuary; approves contribution rates and actuarial assumptions; approves or rejects administrative rules proposed by the secretary and has other related powers. Four of the members of this board are appointed by the Wisconsin retirement board. M. E. Van Cleave was appointed January 19, 1982 as one of

the representatives of the Wisconsin retirement board on the employe trust funds board to serve for a term which expired May 1, 1986.

Group Insurance Board

Section 15.165 (2), Stats., created a group insurance board in the department of employe trust funds. The commissioner of insurance or designee is a member of the board. The group insurance board is authorized to enter into contracts with insurers to provide the group insurance plans provided for by this chapter or to provide the benefits on a self-insured basis. It also provides general administrative policy for the group insurance programs for health care, income disability benefits, life insurance and deferred compensation plans authorized for state and other public employees under Chapter 40. The specific powers of the board are enumerated under s. 40.03 (6), Stats. During 1986 Lou Turner Zellner or Randy Blumer, Deputy Commissioner, or Hilde Neujahr, Administrator, Division of Administrative Services and Policy Analysis, were designated by Commissioner Fox to serve as a member of the group insurance board whenever the commissioner was not able to serve.

Council on Fire Service Training Programs

This body, authorized by s. 15.947, Stats., functions under the state board of vocational, technical and adult education, and furnishes advice and guidance to the board in the establishment and maintenance of training programs in fire prevention and protection. The council comprises representatives from the division of emergency government (bureau of civil defense and disaster control), the department of industry, labor and human relations and the office of the commissioner of insurance, together with six members of fire departments appointed by the governor for staggered six-year terms.

During 1986 the commissioner of insurance was represented on this council by Norman J. Wirtz, Insurance Analyst.

Joint Survey Committee on Retirement Systems

This committee performs duties mandated under s. 13.50, Stats. The committee is comprised of two majority party senators, one minority party senator, two majority party representatives to the assembly, one minority party representative to the assembly, an assistant attorney general, a member of the public selected by the governor, the commissioner of insurance or a designated experienced actuary in the office and the secretary of the department of employe trust funds.

This committee evaluates all legislative proposals which would create or modify any system of retirement for public officers or employees. No such bill may be acted upon by the legislature until it has been referred to this committee for preparation of a written report. The report must indicate the probable cost involved; the effect of the proposal upon the actuarial soundness of existing retirement systems; and the desirability of the proposal as a matter of public policy.

During 1986 the commissioner's office was represented on this committee by M. E. Van Cleave, Assistant Deputy Commissioner.

Retirement Research Committee

This committee performs duties mandated under s. 13.51, Stats. Its membership represents employee and employer groups having vested interests in various state retirement programs. The committee has investigatory powers over all state retirement systems for public employees. In addition, it may require any public pension or retirement system to furnish it with periodic financial reports and records. The committee conducts a continuous review of retirement benefits afforded to public employees under the existing state system. It maintains a current reference library of all public employee pension and retirement plans throughout the United States and makes its findings and recommendations available to the governor and the legislature.

During 1986 M. E. Van Cleave, Assistant Deputy Commissioner, served on the committee.

Property and Casualty Advisory Council

This council, created by Wisconsin Administrative Code section Ins 6.79, advises the commissioner on regulatory matters in the areas of property and casualty insurance. The council has four insurance company members, two agent members and three public members. The members who served during 1986 are listed below:

J. Stanley Hoffert, Wausau Insurance Companies, Wausau
James Malinske, American Family Mutual Insurance Company, Madison
John Dwyer, Northwestern National Insurance Company, Milwaukee
James P. Thomas, Heritage Mutual Insurance Company, Sheboygan - Chair
Karl Stieghorst, CPCU, Vice President, Robert R. Elsner Company, Milwaukee
Thomas Shea, Janesville
Roger Formisano, Professor, Graduate School of Business, Madison
Earl Winkelman, Risk and Insurance Management Society, Kenosha
John J. Kircher, Professor, Marquette Law School, Milwaukee

Life and Disability Advisory Council

This council, created by Wisconsin Administrative Code section Ins 6.79, provides the commissioner with expertise on life and disability insurance. The council has four insurance company members, two agent members and three public members. The members during 1986 were:

Donna Lutzow, Employers Insurance of Wausau A Mutual Company, Wausau (Chair)
Robert Elconin, Blue Cross & Blue Shield United of Wisconsin, Milwaukee
Edward L. Brenk, Grafton
Wayne C. Defferding, Aid Association for Lutherans, Appleton
Tim Size, Rural Wisconsin Hospital Cooperative, Prairie du Sac
William J. Reis, CLU, Prudential Insurance Company of American, Milwaukee
Beverly Henderson, Professor, Family Living Program, UW-Extension, Madison
Ramon Wagner, Community Advocates, Milwaukee
Robert Durkin, Madison

Financial Advisory Council

This council assists the commissioner in regulatory decisions in the financial area. The council consists of four insurance company members, two agent members and three public members. The members during 1986 were:

Donald R. Gunderson, Sentry Insurance Company, Stevens Point
S. C. DuRose, Cumis Insurance Society, Madison
George Hardy, Northwestern Mutual Life Insurance Company, Milwaukee
Gordon Bubolz, Home Mutual Insurance Company, Appleton (Chair)
Robert Clayton, Fitzgerald, Noyes, Clayton & Kasten Agency, Milwaukee
Michael M. Nicholson, Stan Mintz Associates, Inc., Madison
Professor Larry Rittenberg, School of Business, University of Wisconsin, Madison
Edward L. Hahn, CPA, Hill Christianson & Co., Marshfield
Howard Carver, CPA, Ernst and Whinney, Milwaukee

COMPANIES IN LIQUIDATION

ALL-STAR INSURANCE CORPORATION, IN LIQUIDATION

During the year 1986, the Liquidator reported the status of net liquidated assets as follows:

Assets at January 1, 1986	$ 6,681,996
Additions, Net of Administrative Expenses	1,397,552
	$ 8,079,548
Less Claim Distributions	522,639
Net Liquidated Assets at December 31, 1986	$ 7,556,909

The cumulative pro rata share of the Class 3 approved claims which has now been paid to claimants is 60% and amounts to $12,436,502 as of December 31, 1986.

There is likely to be one further distribution. The exact amount and date of such final payment cannot be determined at this time; however, the Liquidator is hopeful that the liquidation proceeding can be concluded during 1987.

There were 18 additional claims filed with the Liquidator during 1986, bringing the total of claims filed in liquidation at December 31, 1986, to 7,466 distributed as follows:

TYPE	CLASS	NUMBER
Administration	1	3
Wages	2	2
Losses	3	3,666
Unearned Premium	4	2,694
General Creditor	5	1,026
Miscellaneous Subordinated	8	71
Proprietary	11	4
		7,466

In accordance with the Court's Order dated November 28, 1983, Class 3 claims filed after March 1, 1984, have been classified as late filed, pursuant to s. 645.68 (8) (d), Stats. Since assets are insufficient for any distribution to this class of claims, claimants are being advised of the classification assigned so that they may exercise their right of appeal.

Court-approved determinations through December 31, 1986, on Class 3 claims amounted to $20,848,303. A total of 3,666 Class 3 claims were filed against the estate, of which 13 were still unresolved on December 31, 1986.

While the final aggregate asset figure cannot yet be accurately predicted, it is certain that there will not be sufficient assets to pay loss claimants in Class 3 in full. Consequently, claimants in classes other than Class 1, 2 or 3 will not participate in the distribution of All-Star's assets.

Of the 3,795 claims in classes junior to Class 3, only 1 was unresolved as of December 31, 1986. It is anticipated that this item will be resolved in the first quarter of 1987.

The Liquidator is continuing to pursue the recovery of other assets which are due the estate of All-Star. Recoveries are anticipated primarily from reinsurance proceeds.

FRANKLIN MUTUAL INSURANCE COMPANY, IN LIQUIDATION

In 1985, Franklin Mutual Insurance Company continued to experience a deteriorating surplus position. As a result, its reinsurers gave notice their reinsurance would terminate effective December 31, 1985. As the company was unable to obtain reinsurance coverage, it was placed in rehabilitation December 31, 1985. At the request of OCI, the reinsurers extended their contracts for an additional 30 days.

OCI explored various work-out solutions for the company. After discussions with various insurers proved unsuccessful, the company was placed in liquidation January 16, 1986.

By agreement with OCI, Heritage Mutual Insurance Company is performing the administrative functions for the liquidation.

During 1986, the liquidator collected $298,823 in unearned commission paid to agents, converted the investment portfolio to cash or its equivalent, sold the home office building for $65,000, and collected $800,036 on reinsurance recoverable on losses paid.

In lieu of assessment by the Insurance Security Fund, the liquidator advanced $750,000 to the fund for payment of loss claims. Of that amount, $650,459 has been expended by the Fund in payment of loss claims and adjustment of loss claims during 1986.

In May of 1986, the liquidator obtained approval to pay unearned premiums due to policyholders of $1,251,418. Application of the statutory deductible of $50.00 or $508,474 resulted in a net distribution to unearned premium claimants of approximately $743,000.

In December of 1986, court approval was obtained to pay class 5 general creditor claimants of $95,761.03, less the $50.00 statutory deductible.

While the ultimate assets available for distribution to the various classes of claimants under s. 645.68, Stats., is largely dependent on the extent of loss claims under class 3 and the reinsurance recoverable thereon, filed financial data shows there will be sufficient assets to pay claims in classes 1, 2, 3, 4 and 5 in full.

MARTELL MUTUAL TOWN INSURANCE COMPANY, IN LIQUIDATION

Martell Mutual was placed in liquidation on August 21, 1980, in the Circuit Court for St. Croix County, Wisconsin. Gary L. Bakke was appointed Special Deputy Commissioner.

Martell Mutual policyholders suffered windstorm losses of approximately $5,100,000 on July 15, 1980. Inadequate reinsurance and a pre-existing weak financial position resulted in an inability to pay the claims. Martell Mutual policies were assessable. Two assessments were levied totaling $2,925,973 and collections exceeded 94%.

Assets were collected and a major lawsuit settled. This permitted a refund to policyholders of all unearned premiums and also 81% of the second assessment on June 30, 1983.

All claims and expenses of the administration incurred to date have been paid in full.

The liquidator is currently awaiting a decision from the Circuit Court for St. Croix County, Wisconsin regarding litigation pending between Martell Mutual Town Insurance Company and the agents for unearned commissions due to the company. All briefing has been completed in this matter and a decision from Judge Bartholomew determining the issues is awaited.

During 1986 a total of $9,393.42 was collected on delinquent policyholder assessments. Some receivables have been charged off because of bankruptcies of Martell policyholders. On December 31, 1986, there was $136,610.56 owing to the liquidator for unpaid assessments, penalties and interest.

Once a decision is received from Judge Bartholomew on the action against Martell agents, the liquidator should be in a position to make a final distribution to policyholders. The liquidator has been unable to find any party which is willing to purchase the judgments for unpaid assessments which it holds against Martell policyholders. This is the one item which remains unliquidated and unavailable for distribution to policyholders.

RELIABLE LIFE AND CASUALTY COMPANY, IN LIQUIDATION

The Reliable Liquidation Account, which contains substantially all of the assets and liabilities of Reliable Life and Casualty Company ("Reliable"), was created and ordered into liquidation by the Dane County Circuit Court (the "Liquidation Court"), effective October 7, 1981. On December 31, 1986, the Wisconsin Insurance Security Fund (the "Fund") was administering 11,000 guaranteed renewable health and disability policies pursuant to the "continuation of coverage" provisions of Ch. 646, Stats. This is a decrease of 26 percent from the approximately 14,811 policies being administered by the Fund as of December 31, 1985.

Mutual of Omaha administers the continued business for the Fund. By December 31, 1986, two assessments totaling $10.5 million had been levied by the Fund to pay policyholder claims and administration expenses. The Fund is continuing its efforts to find a private carrier willing to assume the remaining business. On October 14, 1986, the Liquidation Court approved a $500,000 advance to the Fund for the payment of claims and administration costs arising out of the Fund's assumption of the disability policies of Reliable. The advance is to be set off against the Fund's claim against the Liquidator for reasonable payments made to discharge its duty to continue coverage. The Liquidation Court also approved the transfer of an additional $500,000 to the Fund on an as needed basis.

In March, 1986, the Liquidation Court approved the Settlement Agreement between the Liquidator and NRG America Life Reassurance Corporation. A Stipulation and Order dismissing the Liquidator's action against NRG was entered in April, 1986.

Discovery proceedings in the Special Deputy Liquidator's lawsuit against Reliable's former certified public accountants and consulting actuaries continued in 1986. A scheduling conference was held in May, 1986. By Order dated May 16, 1986, the trial court, which is not the Liquidation Court, scheduled the lawsuit for jury trial commencing on June 1, 1987. The parties estimated at the scheduling conference that the time of trial will be from two to six months. Motions have been filed by several of the Defendants to reschedule the trial for a later date, and the trial court has taken these motions under advisement.

The process of adjudicating the claims of Reliable's former agents continued in 1986. The Liquidation Court approved the Liquidator's recommendations on 21 agents' claims for commissions. Those claims that were allowed will be paid when, and if, sufficient funds become available to pay claims under the ss. 645.68 (5) and (8), Stats., classes. It is anticipated that the Liquidator will make recommendations on all remaining non-agent claims not dependent upon the outcome of the Liquidator's lawsuit against Reliable's former accountants and actuaries in early 1987.

By decision dated January 23, 1987, the Dane County Circuit Court granted the Liquidator's Motion for Summary Judgment in the Liquidator's action against the City of

Madison and County of Dane, Case No. 84-CV-0210. The Court ruled that the claims of the City of Madison and County of Dane are properly categorized as residual claims under s. 645.68 (5), Stats., and that the real property owned by the Liquidator is exempt from general property taxes. The Court further held that liens created by the City of Madison and County of Dane for delinquent property taxes and special assessments on the Highpoint properties are declared void and that funds escrowed to secure release of the liens are to be paid to the Liquidator.

Effective June 30, 1986, Mary P. Merrill resigned from her position as Special Deputy. By Order dated June 25, 1986, the Liquidation Court approved the appointment of Gregory C. Krohm as Special Deputy.

The process of converting Reliable's remaining assets into cash continued in 1986. The only substantial assets remaining to be liquidated are bonds and other securities. There are receivables due on certain of the land sales.

Real estate sales in 1986 generated approximately $180,000. All of the estate's lands have now been sold.

The Liquidation Account had a cash balance of $6,484,383.00 on September 30, 1986. At present, liquid assets are insufficient to pay a dividend to any creditor lower than Class 3. Reports on the status of the liquidation are periodically filed with the Liquidation Court.

III - DIVISION OF REGULATION AND ENFORCEMENT

DIVISION OF REGULATION AND ENFORCEMENT

The Administrator of the Division on Regulation and Enforcement, along with the Consumer Attorney, is responsible for directing most enforcement actions against agents and companies, and for pursuing these cases through the appeals and settlement process. The Administrator is also responsible for general program and policy development in the Division.

Bureau of Market Regulation. This bureau is responsible for reviewing the rates, forms and contracts filed with the agency by insurers; examining insurer rating procedures, advertising files and policyholder reserves; staffing several risk sharing plans; providing assistance to consumers in resolving problems with insurers and agents; conducting field reviews of insurer marketing practices; investigating agent and insurer activities; preparing enforcement proceedings; and recommending administrative actions to correct violations discovered.

Bureau of Financial Examinations. This bureau monitors the financial solvency of insurers licensed to do business in Wisconsin. It conducts field audits of domestic insurer operations; administers insurer rehabilitations and liquidations; reviews insurer applications for admission to Wisconsin, merger and acquisition plans, and holding company transactions; audits and collects insurer taxes and fees; and collects fees for the fire department dues program.

BUREAU OF FINANCIAL EXAMINATIONS

The Financial Examinations Bureau's principal function is to monitor the financial condition of all insurers licensed to market insurance in Wisconsin and determine whether the insurer's financial solidity is acceptable for continued operation in Wisconsin. Monitoring includes the examination of companies and the analysis of statements submitted to the department. Monitoring activities also include the review of CPA audit reports and updates to the company profile data base.

The bureau also maintains and reviews holding company filings required by Wisconsin Administrative Code section Ins 12.01; reviews financial reports for surplus lines insurers; collects quarterly and year end premium taxes; and collects fire department dues as required by s. 601.93, Stats. In addition, the bureau handles applications for Certificates of Authority, amendments to Certificates of Authority and also approves mergers of insurance companies (see changes in Corporate Licenses).

The Bureau's activities continue to be adjusted to provide for more financial analysis of insurers. With the submission of magnetic tape annual statement data from insurers, the Bureau's on-line data base system is being used to expedite the financial analysis of both domestic and nondomestic insurers. In addition, the Bureau expanded its utilization of targeted and limited examinations. The addition of several new insurance examiners to the staff has allowed the Bureau to become more current in its scheduling of routine, periodic financial examinations. The Bureau has implemented a new company licensing process to expedite applications for Certificate of Authority.

During company examinations, personal computers are being utilized to automate exam organization, ledger verification, testing of reserve adequacy, report drafting and graphics.

BUREAU OF MARKET REGULATION

The Bureau of Market Regulation is responsible for the administration and enforcement of the Wisconsin Statutes relating to insurance rates, underwriting rules, advertising practices, and policy forms. Responsibilities also include reviewing complaints and conducting market conduct examinations. Market conduct examinations focus on general business practice and are designed to detect and correct problems in sales and advertising, underwriting, and claims handling.

Bureau activities include research projects relating to policy forms, analysis of benefit costs, underwriting practices and procedures, complaint analysis, and administrative rule development.

Among the major accomplishments in 1986 were:

- revised policy form review procedures to expedite the review process of many policy forms
- developed and presented a workshop on policy form filing and other procedures for health maintenance organizations and planned a second workshop for town mutual insurers
- participated in the initial development of a bureau policy form data base project to be implemented in 1987
- participated on a home health care advisory committee resulting in the development of a proposed rule defining the home health care mandated benefit
- participated in the development of a revised nursing home insurance policy rule
- participated in the development of a rule to establish financial and other standards for limited service health organizations
- participated and lead the development of a new annuity buyer's guide and revisions to the current annuity benefit solicitation rule for adoption in 1987
- established an actuarial review process for property and casualty rate increases in excess of 10%
- participated in the development of a commercial insurance buyer's guide
- provided staff support to the MAPS/Pools Subcommittee of the Commissioner's Task Force on the Commercial Liability Insurance Crisis and participated in the establishment of the Commercial Insurance Assistance Hot Line
- assisted in developing changes in termination regulations and implementing the changes in insurance policies
- participated in the monitoring of residual market mechanisms including the Wisconsin Workers Compensation Insurance Pool, Wisconsin Automobile Insurance Plan, and Wisconsin Insurance Plan. The staff also participated on the Wisconsin Arson Insurance Council and the Commissioner's advisory councils and the Health Insurance Risk-Sharing Plan

Policy Form Filings* Received/Approved in 1986:

	Received	Approved
Property and Casualty	4,041	2,800
Accident and Health	1,963	1,797
Life	3,894	3,602
Total	9,898	8,199

*A filing may contain more than one form.

Complaints

The tables below summarize complaint data for 1986. Table I also shows a comparison of complaint activity over the last five years. A complaint is defined as an expressed dissatisfaction with an insurance company or agent. Complaints may initially be received in person, by telephone or in writing. To be considered as a formal complaint and to initiate an inquiry or investigation, a complaint must be made in writing. In addition to the 7,381 formal complaints, the bureau also handled about 40,000 general inquiries or requests for

information in 1986. Most such inquiries were by telephone, but there were also many written communications and "walk-ins."

IV - DIVISION OF ADMINISTRATIVE SERVICES AND POLICY ANALYSIS

BUREAU OF STAFF SERVICES

The Bureau of Staff Services is responsible for general administrative functions of the agency, including budget, word processing, data processing, the licensing program for insurance agents, personnel, payroll and internal mail service.

Agent Licensing Section

In January 1986, all licensed agents were billed their biennial regulation fee. There were 48,648 resident and nonresident agents billed. The licensed of 9,797 agents were suspended on February 1 for failure to pay fees. The licenses of 6,167 of these agents were revoked on April 2.

During 1986, 11,833 candidates registered for the major examinations: life, accident & health, property and casualty. Of that number 10,228 tested; 7,175 candidates passed. For the limited lines examinations of auto, title, credit life/sickness and town mutual nonproperty, 714 candidates registered and tested; 308 candidates passed.

Data Processing Section

In the past year, the data processing staff completed the first phase of the integrated company database. The first phase consisted of the following items for the Bureau of Financial Examinations:

1. Tax and Fee Collection System
2. Annual Statement Filing on Magnetic Tape
3. Automated Pre-Audit and Financial Ratios Calculation
4. On-Line System of General and Financial Company Information

The staff began phase two of the integrated company database. This focuses on the policy form filing and approval tracking systems for the Bureau of Market Regulation. The data processing staff completed the systems requirements document for the system.

Staff also implemented a quarterly billing system for the Patients Compensation Fund. This system allows providers to pay their assessments annually, semi-annually, and quarterly.

Data processing staff assigned to the State Life Insurance Fund programs developed a LOTUS 1-2-3 application that keeps track of bonds and assisted in implementing a new policy series.

BUREAU OF FUNDS

LOCAL GOVERNMENT PROPERTY INSURANCE FUND

The purpose of the Fund is to make reasonably priced property insurance available to tax-supported local government property such as government buildings, schools, libraries, and motor vehicles. Coverage is available on an optional basis. As of July 1, 1986, the Fund insured 43 counties, 238 schools, 93 cities, 48 towns, 76 villages, and 28 miscellaneous entities (libraries, etc.). The total amount of insurance in force as of July 1, 1986 was $8,977,076,198.

Based on favorable loss experience and investment income, the Fund has declared the following dividends:

Fiscal Year	Dividend
1979-80	45%
1980-81	10%
1981-82	15%
1982-83	50%
1983-84	50%
1984-85	18%

The program continues to be administered on a contractual basis.

STATE LIFE INSURANCE FUND

The State Life Insurance Fund is a segregated fund located within the Office of the Commissioner of Insurance. The Fund offers a maximum of $10,000 of life insurance to state residents.

It is run as a mutual company supervised by the commissioner. All policies issued are participating. A new plan series using the 1980 CSO mortality table was initiated April 1, 1986.

The Fund is restricted by statute from advertising and does not employ agents. There are 28,392 policies in force as of December 31, 1986.

PATIENTS COMPENSATION FUND

The Patients Compensation Fund was created in 1975 to provide excess medical malpractice insurance for Wisconsin health care providers. The Fund is governed by an 13-person Board of Governors which consists of 3 insurance industry representatives; a person named by the Wisconsin Academy of Trial Lawyers; an attorney named by the State Bar Association; 2 persons named by the Wisconsin Medical Society; a hospital representative named by the Wisconsin Hospital Association; the Commissioner of Insurance; and 4 public members appointed by the Governor. The Fund's administrative staff is provided by the Office of the Commissioner of Insurance.

The Fund operates on a fiscal year from July 1 through June 30. Administrative and operating costs as well as claims payments are funded through assessments paid by participating health care providers.

On June 30, 1986, there were 152 hospitals with 30 affiliated nursing homes, 6,512 physicians, and 330 nurse anesthetists participating in the Fund.

The Fund deficit does not mean the Fund is unable to pay obligations currently due. There was a cash balance of $48,710,211 on June 30, 1986. The deficit equates to the projected unfunded outstanding liabilities if the Fund ceased to collect further assessments.

From July 1, 1975 through December 31, 1986, 1,644 claims had been filed in which the Fund was named. One hundred fifty claims had been paid for a total of $57,548,417. Seven hundred eighteen claims had been closed with no payment. Eighty-seven cases were reserved for $45,397,000.

*Present value loss reserves are based on actuarial projections of all claims which will ultimately be paid by the Fund. That amount is then reduced by the amount of interest to be earned to time of payout. Expected interest earnings are computed on the amount of investable funds available on the accounting date. Computation of present value of claim reserves is shown below:

Case reserves	$ 41,017,000
Incurred but not reported losses	128,527,009
Estimated unpaid losses	$ 169,544,009
Deduction for interest	(20,186,747)
Discounted loss reserves	$ 149,357,262
Liability for future medical expense	111,225
Present value of loss reserves	$ 149,468,487

HEALTH INSURANCE RISK-SHARING PLAN

The Health Insurance Risk-Sharing Plan (HIRSP), Chapter 313, Laws of 1979, became effective on January 1, 1981. HIRSP is governed by a nine-member board. Through a selective bidding process, Mutual of Omaha was chosen as administering carrier for the plan. The plan provides major medical and Medicare supplement coverage for Wisconsin residents under age 65 who, for medical reasons, are unable to obtain health insurance coverage in the private market.

Rates for the plan are required by statute not to exceed 150% of the standard individual rate for substantially similar coverage in the private market. During 1986, the Board determined that rates were in excess of that amount and voted to decrease rates for the major medical plan by 10%. This rate decrease took effect January 1, 1987.

Expenses of the plan in excess of premiums are assessed against health insurers in proportion to the insurer's total premium or other charges on business written in this state on behalf of Wisconsin residents. In 1986, insurers were assessed $750,000.00.

The Office of the Commissioner of Insurance undertook a publicity campaign for the plan in accordance with s. 619.15 (3) (d). Meetings were held with medically-related associations to assist them in developing a public education plan on HIRSP. Several other organizations were contacted and reminded of the existence of the plan and the premium subsidy for eligible low income individuals. Through an agreement with the Department of Transportation all drivers license renewal notices contain a leaflet informing people of the

existence of the plan and of the premium subsidy. These efforts, which began in April, have increased the policyholder population of the plan as follows:

Month	Number of Policyholders
January	1,923
February	1,965
March	1,963
April	1,964
May	1,937
June	1,950
July	1,977
August	1,988
September	2,004
October	2,036
November	2,039
December	2,075

Plan policyholders were surveyed in 1986 in order for the Board and Office of the Commissioner of Insurance to have a better understanding of policyholders' preferences and concerns. In August 1986, the Board of Governors voted to request the following legislative changes based on the results of the survey:

1) The number of rejections from an insurer required for eligibility would be reduced from two to one

2) The maximum lifetime coverage to be afforded by the plan would be raised from $250,000 to $500,000

3) The current premium subsidies for low-income persons in five income categories would be increased

4) The deductible amount for an eligible person (other than a Medicare recipient) would be reduced from $1,000 to an amount between $500 and $1,000, dependent upon the income of the eligible person

5) The Commissioner of Insurance would be directed to establish cost containment provisions for the plan, which may include required preadmission authorizations and permissive second opinions

6) The Office of the Commissioner of Insurance, the Board of Governors for HIRSP and the Departments of Health and Social Services and Industry, Labor and Human Relations would be required to study and make recommendations regarding health care policies for disabled persons

In November 1986 the Board of Governors and the Office of the Commissioner of Insurance hosted a national conference on risk-sharing plans. The conference addressed such issues as how state plans are funded and alternative ways to finance health care for medically high-risk individuals. Workshops were held on eligiblilty, policyholder costs, benefits and underwriting practices. The insurance problems associated with AIDS (Acquired Immune Deficiency Syndrome) were also discussed.

OFFICE OF POLICY ANALYSIS

The Office of Policy Analysis is responsible for overseeing the legislation proposed by the office, coordinating the development of administrative rules, staffing advisory councils and ad hoc working groups or task forces, providing technical assistance to HMOs, directing the public information program, and assisting the Patients Compensation Fund and the Health Insurance Risk-Sharing Plan.

Major activities for 1986 included:

- Staffing the Special Task Force on Property and Casualty Insurance
- Staffing the Life and Disability, Financial Examinations and Property and Casualty Advisory Councils
- Coordinating OCI legislative activity
- Overseeing the adoption of rules relating to nursing home insurance, coordination of benefits, insurer testing for AIDS, and unfair discrimination and blindness
- Consulting with the Department of Health and Social Services in the development of the State Health Insurance Plan
- Conducting studies and preparing reports on health care data collection and participation of health maintenance organizations in the Patients Compensation Fund
- Providing technical assistance to employers, providers and consumers on health maintenance organizations and cost containment strategies
- Assisting the Patients Compensation Fund in developing appropriate accounting and financial reporting requirements
- Working with the National Association of Insurance Commissioners to develop model regulations relating to long-term care
- Speaking to various groups on insurance issues and preparing brochures on HMOs, mandated benefits, health care insurance and commercial liability insurance
- Preparing legislative proposals for the 1987-89 session
- Updating materials on Medicare supplement policies and HMO enrollment

VI - DIRECTORY OF LICENSED INSURERS

DIRECTORY OF LICENSED INSURERS

This directory includes all companies, fraternal benefit societies, associations, and town mutuals licensed or otherwise authorized to transact the business of insurance in this state as of December 31, 1986.

Codes used to designate the kind of company are as follows:

BP — Blue Plan
CC — Continuing Care Organization
DP — Dental Plan
FC — Fire and Casualty Company
FR — Fraternal Benefit Society
GA — Gift Annuity Corporation
HM — Health Maintenance Organization
LC — Life and A&H Company
LH — Limited Services Health Organization
MC — Motor Club Plan
MX — Miscellaneous Other Insurers
RE — Reciprocal Exchange
TC — Title Company
TM — Town Mutual of Wisconsin
VP — Vision Plan
WP — Warranty Plan

NOTE: Some NAIC Group and Company Numbers may differ from those on Tables F and G due to mergers or other corporate transactions. This directory is the more current of the two.
